Solidad, Venezuela, July 14.—The rebel forces at Ciudad Bolivar have rallied to a last defence against the Government forces. Frequent attempts have been made to break through the siege lines, but without success.

Washington, July 14.—Hansen, the Russian charge d'affaires today delivered a message to Secretary Hay regarding Manchurian ports which Russia is ready to open. The Secretary declines to discuss the proposal.

Rome, July 15.—The symptoms of pneumonia, which have threatened from the first of the Pope's illness, have almost entirely disappeared. The physicians report tonight, however, that their patient is suffering from complete prostration. They are very much mystified with the course of the Pope's illness and are now of the opinion that he may linger for days. No hope is held out of eventual recovery.

St. Petersburg, Russia, July 15.—The Czar has issued an edict contemplating to allay much of the distrust among the working classes of the country and it is hoped will act as preventive against the many outbreaks against the civil authorities. The edict abolishes many of the harsh punishments to which laborers have been subject for infringement on regulations made by employers. Factory employees are further given the right to representation in conference with the inspectors.

Oyster Bay, L. I., July 14.—President Roosevelt held a conference today with Jewish representatives on the petition to the Czar on the Kisheneff outrages. After the conference it was reported that there is a probability that the petition will not be forwarded. The Czar has taken steps to punish the leaders of the massacre and the delicate relations now existing between Russia and the United States over Manchuria make it advisable that any possible complications be avoided.

Marysville, Ky., July 15.—The high feeling aroused during the recent trial of William Tacker today took the form of a lynching bee. Tacker, a white man, was recently tried and convicted of murder and sentenced to prison for life. An appeal was taken and a new trial sought on technical points. Many believed Tacker guilty and were highly incensed at the law's delay. Today a body of masked men attacked the jail in which Tacker was confined, overpowered the guards and hung their victim to a nearby tree.

RAILROAD AND PLANTATION.

Figures Relating to Olan, and Hilo Railroad.

William O. Smith, guardian of Eric R. J. Gay and Arthur F. K. Gay, minors, addressed a petition in each case to Judge De Bolt for his approval of investigation of \$1000 apiece in the bonds, respectively, of the Hilo Railroad Co., and the Olan Sugar Co. Statements relating to the different securities by officers of the companies are appended.

Of the Hilo Railroad Co., there have been issued and sold \$850,000 of the six per cent 10-20 year first mortgage gold bonds and a sinking fund consisting of five per cent of the annual gross earnings of the company has been established to commence five years after the date of the bonds, so that by the time the bonds mature seventy-five per cent of their face value will have been set aside out of the earnings of the company. A list of bondholders is given, showing the amount of \$283,000 held in San Francisco and the rest by local investors. The net earnings of the railroad last year were \$28,054.60 and for this year they are estimated at \$30,000. The machine shops last year cleared more than \$16,000. Lately the company acquired the property of the Hilo Dock Co., to be paid for out of the \$150,000 of bonds remaining in the treasury. The company is paying a dividend of one per cent a quarter and owes nothing but its bonded debt. Only about one fifth of the area tributary to the road has as yet been developed. Elmer E. Paxton, treasurer, signs the statement.

The Olan Sugar Co., has issued \$1,250,000 of the first mortgage six per cent 5-20 year gold bonds, secured by all of the property of the company under deed of trust to Bishop & Co. Of the whole amount \$645,000 is held here and in San Francisco and the remainder of \$605,000 as collateral security to notes aggregating \$525,000 by the Mercantile Trust Co., Security Savings Bank, German Savings & Loan Society and Anglo-California Bank. The assets are valued at \$6,524,333.88 and liabilities at \$1,220,667.81, or an excess of assets over liabilities of \$5,303,666.07. A conservative estimate of the coming sugar crop gives a value of \$1,950,000, to harvest which should not cost more than \$650,000, leaving a balance of \$1,300,000. The company owes nothing outside of its bonds sold and notes secured by bonds, excepting monthly bills paid at the end of each month, and a credit balance with the agents at the end of this year of more than \$200,000 is anticipated. Various factors of promise for the prosperity of the enterprise are mentioned, including the large and modern mill and the almost absolutely certain rainfall, and Treasurer Elmer E. Paxton in conclusion says:

"Nearly all of the bonds sold were taken by responsible parties when the plantation was first started before there had been one-fifth of the capital expended that there is at the present time and before it was fully demonstrated that cane would grow equally well at all elevations on the plantation. If the bonds could be considered, fair security at the time their value is certainly largely enhanced by reason of the expenditure and development of the property of the company."
